11/21/69

Dear Gary,

For your Nagell file, the enclosed copy of the 6/20/68 "The Family" story. I believe "the source " quoted is Carrison.

I remain unconvinced about the essence of the story, but I have little doubt of agency connection. New apparently acknowledges he works for them, that they arranged for the services he rendered.

However, this could relate to other and earlier services.

H
